

Dear Friends,

We are very happy to welcome you to Satori. I hope you will love it as much as we do. To make you straight at home we would like to introduce you to the staff and a few quirks of the villa & surroundings.

Our Team

Mr Thusitha is our Operations Manager and trouble shooter so if you have any questions or requests he will get them sorted.

Contact: Mr Thusitha +94 777258410
Satori House number +94 91 494 3377

Mr Wasantha is our quiet and gracious house assistant and helps out in all areas.
Ms Indrani is our fantastic cook and also helps out with the bedrooms and doubles up as a very efficient Nanny.

Mr Yasaranga & Mr Somarathne are our quiet and gracious gardeners but also helps out in all areas. They are very respectful of your privacy and speak a little English.

All our team are here to make your stay unforgettable and indeed restful, so please don't be afraid to ask them to do anything. They are a mine of information, great "local price" shopping companions and they can show you around town, organize tailors, massages and trips to the 300 year old temple just 5 minutes away. They are 100% trustworthy and this is supported by the numerous compliments they have received in our guest book situated in the living room & on Trip Advisor.

Getting Around

Airport transfer rate from Satori to Colombo is currently \$100 USD but this can change if fuel prices fluctuate.

Satori Villa : Tuk Tuks

One of the most enjoyable ways to travel in and around the local vicinity is by the traditional Sri Lankan Tuk Tuk. Also known as a 3 wheeler they can fit no more than 3 adults or 2 adults and 3 children. Our management can summon one at a moment's notice to take you to any of the local beaches, down to explore Galle Fort or even further attractions. We have negotiated the best almost local rates with our English speaking drivers and below listed are the rates you can expect to pay for a one way trip to any of the following destinations.

Satori to Galle Town/Fort – 500/550 rupees

Satori to Wijaya Beach - 400 rupees

Satori to Talpe - 450 rupees

Satori to Unawatuna Beach - 400 rupees

Satori to Hikaduwa – 1650 rupees

Satori to Mirissa Beach – 1850 rupees

Satori to Fortress – 750 rupees

Waiting Time (Day/Night) - 300 rupees per hour

We invite you to pay the driver directly and if you should have any problems at all during one of your journeys or there is a price misunderstanding please call Thusitha +94772035684.

Tipping is at your discretion if you feel your driver has been professional. Allow a further 10%.

Please note: Tuk Tuk drivers receiving commissions from shops and restaurants you have visited is strictly forbidden and you should report this to our management if you feel this has occurred during your stay.

Eating & Drinking

Our aim is to offer the best value for you and your party with regard to food & beverage during your stay. Whilst we encourage you to go out and eat we also encourage you to stay in and eat and take advantage of our staffing provided in the villa cost.

Our breakfast of tropical fruits, choice of eggs, tea or coffee and toasts are included in the room rate along with chilled mineral water. For all further meals and drinks including alcohol we have created a kitty system to cover all your F & B needs. All food and beverage is bought locally at cost price and will be prepared by our team. This system will save you hundreds of \$\$'s over staying at a hotel or resort for example.

Once you have settled in Thusitha our manager can sit with you and help you compile a shopping list to cover your needs for your stay. They will give you a clear idea of what is and isn't available locally. Take a look at our menu and choose the meals that you would like us to prepare for you or items you would like to prepare yourself and any other additional items. We operate a transparency policy so you can see the accounts and receipts of your purchases at any time. We suggest you start off with 10,000 Rs depending on the size of your group and you can see how far that takes you. Allow approximately 1000-1500 rupees per head per day to cover your F & B needs.

In addition to the cost of the food for your stay there is also the matter of transporting your food from town

to the villa . Some journeys can be done on a motorbike to pick some smaller items locally but some times we have to go to Galle town to pick the bulkier part of the shopping up. In the interests of transparency you will see an entry on your XL kitty accounting sheet coded below for transportation cost and it will show you whether a Tuk Tuk was used or a motorbike and where they went for your goods .Please allow approximately 1000 Rs /\$8 USD per day for your whole parties shopping trips.

MV = Motorbike village (1km) @100 rs
MD= Motorbike Dewatta (2.5 km's) @ 200 rs
MG= Motorbike Galle (4 kms) @ 300 rs

TTD= Tuk Tuk Dewatta (2.5 km's) @ 600 Rs
TTG= Tuk Tuk Galle(4km's) @ 1000 Rs

Any money left in the kitty will be returned to you at the end of your stay. We hope this is not too complicated for you but more geared at managing your expectations.

Satori has a fully equipped kitchen and a bbq with the best view in the area. Indrani can prepare delicious fresh local cuisine, numerous salads and Western dishes at your request. They have also learned many new dishes from our guests and love the bonding in the kitchen so feel free to join in!

Please note that Galle is not blessed with the best wine supply so we recommend the wider range available at the duty free located on the other side of passport control when you arrive at the airport.

The best supermarket is Keels in Galle Town Centre which has the widest range of produce or more conveniently located is Seafair (at Dewata junction on the way into Galle). They have the best selection of food and household items as needed - you can buy ice by the bag, quails eggs sometimes and Hanza coffee (the best local blend).

Thambili

The juice from King Coconut, is very refreshing. It's sold at the side of streets throughout the island, you know it's clean as the coconut is cut open in front of you and it's cheaper than bottled drinks at about R30/- each.

Water

In every room filtered drinking water is available close to your bed. All our water is safe to drink. It's also safe to clean your teeth with our tap water.

All the showers have hot water but if it seems there is nothing coming out please ask the staff to fire up the hot water tanks for you.

Laundry

We do not have clothes washing facilities at the house, but are happy to arrange this for you at the local laundry which will be charged at the local cost price. Please give your washing to Wasantha or Indrani and they will arrange - it takes 2 days for items to return ironed and folded.

In an effort to save on unnecessary washing, towels will be replaced upon request. If you would like towels changed, please put in the wash basket. Sheets will be washed every three days. If you would prefer them washed more often, please inform our team who will be happy to oblige.

Air Conditioning

Each room has a set of fans which keep the rooms cool and in extreme temperatures please ask Thusitha for the remote control for the AC unit . We please ask that your turn this off during the day if you're not in the room to save energy.

Security

You, your guests and all your belongings are completely secure at Satori. There is always somebody at the property during the day and at night we have a security guard at the gate. There is also a safe located in the villa and in your closet.

Dogs

We have 2 beautiful, clean and gentle dogs who keep them selves busy around the land. Cheetah and Lucky. They are very affectionate and used to lots of love and attention. If you have any challenges with dogs we are happy to have them put in another area away from the house and will only let them out at night for security.

Kerosene Lanterns

When you arrive at Satori, the first evening we will light the garden lanterns for you, which we hope you enjoy. We have followed guests advice and run a system where the lanterns will be lit on other nights only upon your request, to save on both pollution and unwanted light. This is your choice. Mr Wasantha will stock up on kerosene if you let him know and it's approximately 500 ruppees for 14 lanterns for the night and obviously less if you want fewer.

Baby Sitting

For those of you not sure whether you are going to experience a totally relaxing time at Satori, we have our amazing nanny Indrani .

My friends and guests have been especially impressed with her conduct and ability to calm all screaming babies and children in a matter of seconds. So whilst you are relaxing in the pool or tucking into a good book she can keep your little ones amused for hours and it also means you can go out at night and enjoy the many restaurants on the beach or in Galle Fort. Ask our team for further information.

Medical

Dr De Silva is on call 24 hours a day and will make house calls. His mobile number is 0773 036400. For minor scrapes and injuries speak with him, and use the local Galle hospitals - Southern has the best facilities. If anything more serious - go straight to Colombo - the Asiri Surgical or Apollo - 0115 430000.

Tailoring

One the great experiences to be had in Sri Lanka is making your own shirts and clothing at the fraction of western prices. Local markets offer a wide range of quality fabrics that can be turned into stylish garments within days. We recommend you bring out any item of clothing you want to copy. Tharanga is our lovely local tailor who lives 10 minutes walk away from Satori in the local village. Ask our team for further details.

Internet & Phone

By spending \$6 on a Sri Lankan sim card (which you can usually drop into any phone) you are likely to save a whole stack of cash on phone bills. Calls from a Sri Lankan mobile to a European mobile costs approximately \$0.40 USD per minute. The best place to get this is at the airport when you arrive. There's usually a 'Dialogue' (Sri Lanka's main telecommunications company) office open on the other side of the money exchange counter, just after Baggage reclaim.

We have a slow but steady 3G Internet connection if you wish to check your e-mails. Sadly YouTube will have to wait til you get home.

Music

We have an ipod docking station in the living room and also an impressive speaker system situated in the coach house that fills the garden and pool area with a wide range of tunes housed in itunes on the laptop.

DVD & Satellite TV

We have an extensive selection of DVD's and satellite TV with surround sound. The DVD's are located in the antique dresser in the living room. Please ask Mr Wasanatha to help if you need assistance with the system or remote controls.

Tips

Many of our guests in the past have been very kind and have left tips for our team here. All the tips are pooled and split, so if you have been particularly impressed by their service and happy please leave your gift with our manager Thusitha on your departure.

Temple

Just a five minute walk from the Villa is the 300 year old Hinitigalla temple where our dear friend the Venerable Reverend Nandaloca resides. He is happy to show you around or teach Meditation by appointment.

In addition to the wonderful sights of the temple there are fantastic views of the coastline from the top of the dramatic 250 step granite staircase that leads from the temple down to the local village. If you like a little exercise try walking up and down the steps preferably before 9am, before it heats up. The record is 10 times up and down in one sitting (5000 steps!) We have placed a collection box at the top of the stairs as a sort of gym admission charge/donation. We suggest 100 rupees and this will go towards the new construction of an 85 foot Buddha currently taking place. This is a major construction and is the talk of the village.

Location: Getting to & from Satori

Satori is situated in the Southern Province of Sri Lanka, approximately 3 hours South of Columbo & 4 kms south of the UNESCO World Heritage site of Galle.

Directions from Galle are as follows :

From the cricket stadium in the centre of Galle take the Matara Road heading south. It is a coastal road with the ocean on your right as you head south. Continue for approximately 4.5 kms past the Holsim Cement Factory on your left until you arrive at a "One Stop Shop" supermarket located also on the left hand side which has a red and yellow sign.

Take the turning on the left 5 metres after the shop at the "Eramudugaha" junction and continue for 2.5 kms til you eventually get to a small waterway and a low bridge with a big black pipe running alongside. You will see a bright orange shop on your left and a row of concrete & metal shuttered newly built units/shops on your right. Opposite these units and 20m's past the orange shop is the turning on the left that goes straight to the Villa (0.65 km)

Take this turning, you will cross a paddy field and continue up a very steep hill. When you get to the top, the road forks left but take the steep drive on the right, until you reach some large wooden gates. You have arrived.

Beaches

There are a number of great beaches in close proximity:

Wijaya Beach:

Our favourite beach bar, with safe swimming for children, relaxation for grown ups, good surfing for those who can, delicious simply-cooked seafood, pizza oven, cool tunes, great cocktails and a heavenly sunset overlooking the magnificent 'Frog Rock'.

Why Beach Club:

Stylish new addition to local beach life, with Italian menu, great cocktails and music on a beautiful beach.

Unawatuna Beach:

A stunning but quite touristy beach with street and beach vendors offering local crafts and fabrics. This is the closest beach to Satori.

Mirissa beach:

A little bit further away than the others - about 40 mins drive south - but the best boogie boarding on this coast. Make a day of it.

Era Beach Hotel:

If you fancy a sophisticated environment for sundowners, lunch or dinner, the new exclusive Era Beach Hotel

can be found 1km south of Wijaya Beach on the coastal road. It also has a great swimming pool and haute cuisine at reasonable prices.

Kingfisher:

Located at the far northern end of Unawatuna beach, this is becoming one of the main spots to hang at, especially on a Saturday night when they have DJ's and sound system playing until the early hours.

Galle (see map on page 17)

The historic Galle Fort was established by the Portuguese in the 15th Century, and was completed by the Dutch 100 years later. The British came in the 18th Century and in 1988 it was designated a World Heritage Site.

The narrow streets of Galle Fort are lined with Dutch merchant villas, with pillared verandahs, carved doors and windows. Offices dating back to the Dutch and British periods are still in use today.

A stroll along the streets or along the ramparts offers the visitor a unique insight into a patchwork of bustling life - Buddhists, Tamils, Muslims and Europeans all living in harmony - commerce such as lace-makers and jewelers alongside tourists, and the ever present cricket match!

One of the great joys of the Fort is to visit the Ramparts around sunset, a popular activity for local and tourist alike!

Galle town is best explored on foot, or by tuk tuk. It is a sprawling metropolis, with the exotic fruit market to the myriad of shops in Main Street, selling everything from sarees to televisions!

Money: Credit cards and ATMs

ATMs are located in many places (specially at bank branches) in the cities and suburbs, less so in the countryside. There are a number of banks in Galle.

You can withdraw from debit cards too (Cirrus, Maestro, Visa, Electron etc) where the logos are displayed - so no need to carry wads of US dollars when entering the country.

Some tips for when you are out and about:

It is customary to remove shoes and wear respectful attire (*i.e. no miniskirts, tank tops, short pants etc.*) when visiting temples. It is also the custom to remove shoes before entering a home, though this is not as strictly followed as in places such as Japan.

Never touch or pat the top of the head of Buddhist monks, including children who practice at a temple. Do not turn your back to (or be alongside) a Buddha statue when within a reasonable distance (observe what others are doing). This includes posing for photos. It's OK to photograph a statue, but all persons should be facing it.

Public nudity (including females being topless) is not only unacceptable but illegal in Sri Lanka.

Although much latitude is given to tourists, it is more polite to use your right hand when shaking hands, handing money and small objects, etc. Of course you can use both hands for something big and/or heavy. Be respectful to monks. There's no particular etiquette for Westerners - just be polite. Always give them a seat on a crowded bus (unless you're disabled or very elderly).

No photography of sensitive locations (inside and outside), and inside of shopping malls and tea factories (outside OK). Be especially careful in Fort, Colombo (except on the beach). If soldiers are guarding something, it probably shouldn't be photographed. Don't rely on signs alone, as sometimes they are old or missing. For example, one end of a bridge may have a "No Photography" sign, but not the other.

Seemingly innocuous public displays of affection between lovers such as kissing and/or hugging is not culturally acceptable as it is considered to be private behavior however public affection between parents and their children is not frowned upon.

Shopping

Several shops are located in Galle Fort and the list below, whilst not including all of them, outlines a few we think are worth a visit. Fixed pricing is creeping in, but otherwise bargain.

In Galle

KK – The Collection

Pedlar Street, Galle Fort

A small shop selling lots of decorative bits and pieces, ranging from glassware sourced in India, pink feather dusters from Bali, hand-painted wooden bowls from Java and kittul wood lime squeezers from Sri Lanka.

The Fortress Hotel

Miami beach comes to Sri Lanka – the newest of hotels on the ocean, offering chic dining alongside an amazing pool with fibre optics! Good for lunch time too. Wednesday and Saturday nights are buffet evenings.

Era Beach Hotel:

If you fancy a sophisticated environment for sundowners, lunch or dinner, the new exclusive Era Beach Hotel can be found 1km south of Wijaya Beach on the coastal road. It also has a great swimming pool and haute cuisine at reasonable prices.

Further Things To Do

Water Sports

At Bentota, there is water skiing, wind surfing and jet skiing, as well as deep sea fishing.

Mirissa Water Sports Centre have a 54 ft Indonesian fishing trawler for sports fishing and coastal cruises, as well as a 24ft gaff rigged dhoni for bay sailing.

Scuba Diving

There is a dive centre at Unawatuna, run by Sumith. They provide advanced and beginner courses, as well as night dives.

Guided Bike Tours

Galle resident Alex Barrett will take you on an unforgettable gentle 3 hour bike ride through paddy fields, past jungle and temples. Suitable for all ages.

Tea Estate and Factory

You may take a gentles wander around the tea estate here, or for a fuller experience, The Handunugoda Estate is 10 minutes away and provides a fascinating tour for visitors, highlighting the production of white tea.

Yala Safari Park

Leave Galle at 0300 hrs and get to Yala for sunrise. Sightings of leopard are good, along with lots of elephants, bears and crocodiles. Head back to Galle, with a stop at one of the beaches near Tangalle to break your journey.

Turtle Sanctuary

There are several in the area, including a good one in Habaraduwa - ten minutes away!

Customised Trips

Finally we can organise a wide range of customized trips around Sri Lanka. This is a superb way to experience the country whilst ensuring your trip is tailored exclusively to meet your needs.

Please ask us for any further information.

Dangers & Annoyances

Mosquitos:

Mosquitos appear from time to time especially during the wetter times and at dusk . In each room you will find a tube of Odomos Cream, this is the best repellent in our opinion and the least toxic. Every evening mosquito coils are lit in the rooms and relax areas. We suggest you get prepared around 5.30pm and always take your Odomos out wherever you go in the evenings just in case. All rooms have mosquito nets. There is no Malaria here in the south. If you have any further challenges please speak to our team.

Spiders:

Occasionally you will see spiders of all shapes and sizes and sometimes they may appear large. Fear not as they are all harmless and once again ask any of our team to assist you remove them from sight.

Centipedes:

We have 2 types of centipede here. One is harmless and very common (below).

The other type (below) is crimson red and can deliver a nasty bite, but we seldom see them here.

Snakes:

You will be lucky to see a snake here. The main type is a harmless brown snake called the rat snake and it does exactly what it says on the tin and eats Rats only. Cobras are here from time to time but we have never seen one and once we saw a Python. Please see the snake poster in the kitchen to learn about all the snakes in Sri Lanka.

No one has ever been bitten here and in the unlikely event one does, we have a venom kit and antihistamine in the medical cupboard which is located in the kitchen. An added precaution is to just check inside the bed before sleeping and checking shoes before putting them on.

Dogs:

If dogs aren't your thing you will have to forgive our 2 energetic and affectionate dogs. Please ask our team to remove them if they bother you as we have a special compound for them. We let them out at night to add more security.

Sunshine:

The sun is strong here make sure you protect yourself at all times but please shower before entering the pool.

Potential Hazards:

Please pay attention to young children at all times, especially around the steps, the pool and the pond.

Children should be careful running around the pool as the tiles can be slippery when wet and the granite stones can be sharp.

please note that All facilities are used at your own risk.

Sri Lanka:Useful Singalese phrases

Sri Lanka has a diversity of ethnic groups. Languages spoken in the country vary. The two major native languages are Sinhala spoken by the Sinhalese majority and Tamil language used by the Tamils. Although, Sinhala and Tamil are languages from different source, both share some common characteristics and obviously have influence on each other's linguistic evolution as well. English is widely spoken but it may be useful to learn some phrases in Sinhala if visiting the country for business or pleasure.

Pronunciation

a : as the 'u' in 'cup'
aa : like the 'a' in 'father'
e : the 'e' in 'met'
i : the 'i' in 'bit'
o : the 'o' in 'hot'
u : the 'u' in 'put'
ai : as the word 'eye'
au : like the 'ow' in 'how'

All purpose greeting

Ayubowan

"Ayubowan" is the word used in Sri Lanka to greet someone. It means Long Life. One is Generally greeted by joining two hands in prayer like manner and saying "Ayubowan" . This phrase can be used during any-time of day irrespective of time, however in the city anyone would be greeted with a hand shake, the village folks still greet you in the traditional way.

How To Operate the TV, Cable, DVD & CD Player

There are 3 remote controls:

1. Long Black 'LG' = For DVD/CD Player
2. Black 'Dialog TV' = For Cable Channels
3. Silver 'LG' = For TV

To Operate Cable

1. Ensure silver Dialogue Cable box (to left of TV) is switched on. To switch on and off, press the top left red button on the small black control.
2. Repeatedly press the 'TV/AV' button (located under the no.9 button) on the silver control, until you get to AV1 (this is displayed on the TV screen and is the cable signal).

To change the cable channel

1. Ensure you point the black Dialog TV control at the silver Dialog TV box to the left of the TV (above the DVD player)
2. For the 'menu' press the big round button in the middle of the black Dialog remote.
3. Use the 'Up' and 'Down' arrow buttons (located above and beneath the large red button in the middle of the control) to scroll up or down through the channels on the screen.
4. To select channel, press the large round central button over the highlighted TV station.
5. Repeat the process to change between channels.

To operate the DVD & CD Player

1. Put the DVD/CD in the black LG machine located next to the TV
2. On the large black remote, press the 'Function' button (located on the top left under the red power button) until on the LCD screen of the DVD player it reads 'DVD/CD'
3. Press the TV/AV button (located under the no.9 button on the silver LG remote) until you select AV2 (this is the DVD channel)
4. Use the large LG DVD remote control to control the DVD or CD

To play an iPod through the DVD/CD player.

1. Plug one end of the 'mini-jack to mini-jack' cable into your headphone socket on your iPod. Plug the other end into the mini-jack socket underneath the DVD/CD loading tray.
2. Use the large black LG remote and press the 'Input' button, located top left, underneath the red power button, until the LCD display screen reads 'Portable'.
3. Ensure your iPod is switched on and playing, then use the remote control unit or circular volume control on the DVD unit to control the volume.
